Department of Industrial Accidents Assessment

The Department of Industrial Accidents is changing their official assessment rate from 6.3 to 7.2 for policies effective July 1, 2009 and thereafter. The details are outlined in the following link: https://www.wcribma.org/mass/Products/Circulars/2009_Circulars/cl2127.pdf

- Please note the DIA's letter includes the self insured assessment rates. These rates apply solely to self-insured entities and are provided for informational purposes only.

The Workers' Compensation Rating and Inspection Bureau are reminding carriers that the DIA developed a separate algorithm to assist the insurance community in understanding the components included in the DIA's definition of standard premium as outlined in 452 CMR 7.00. A copy of the DIA Assessment Premium Algorithm can be accessed through the following link:
