Our golf tournament is being held again at the beautiful Indian Pond Country Club in Kingston, MA. This tournament was founded and exists to provide the much needed financial assistance for valuable yet under-funded programs servicing people in need. We are proud and happy to be in a position to help agencies providing these needed services. The net profits are divided between winning New England based social service agencies participating in the tournament by either sponsoring a foursome themselves or having someone sponsor them.

Each sponsored agency will receive one golf ball with their name on it for each sponsored foursome with a maximum of two. At the banquet, golf balls will be drawn to determine the winners. Each participating agency will only be eligible for one cash prize. In the past five years we have distributed grants totaling \$80,000 to winning social service agencies. Last year we gave away five \$3,000 grants.
